Parents and Staff,

Provisions of the PA Department of Health mask mandate have been interpreted several different ways by school administrators, school boards, politicians, and members of the public.

During last night's school board meeting, a motion was made and seconded to make mask wearing among students a parent choice. The motion was passed.

Ultimately, the board has the authority to make mask wearing among students a parent choice.

Therefore, students are not required to wear a mask or shield indoors if a parent believes their child has an exception under Section 3 of the mask order. The district will provide an exception form to parents as soon as possible.

Thank you,
